## INTRODUCING OUR NEW STAR-SHIP

# Emerald Astra

An evolution in River Cruising begins in 2026 with the introduction of Emerald Astra, which perfectly complements our multiple award-winning European fleet.

Emerald Astra will mark the next evolution of Emerald Cruises' award-winning river fleet. Designed to mirror the sleek elegance of the line's luxury superyachts, the ship features a modern, grey-tinted glass exterior and will welcome 180 guests. From ancient Greek and Latin origins, 'Astra' translates as 'Star,' and Emerald Astra promises to be a true shining star among our stylish Star-Ships – the seventh to sail the Rhine, Main and Danube.

The updated design focuses on both style and functionality, offering guests' favourite amenities such as the pool/cinema combination, multiple dining options, and a sun deck dedicated to relaxation and panoramic views. All interiors have also been enhanced with a sleek, contemporary design, ensuring a sophisticated and spacious atmosphere for travelers on Europe's rivers.

"As we continue to expand our fleet and enhance the guest experience, our commitment remains steadfast: to provide unrivalled luxury and value in river cruising," said Glen Moroney, Founder and Chairman of Scenic Group.
